Conco Services Corporation Promotes Five Employees in early 2017

Verona, PA – February 16, 2017 – Conco Services Corporation, the world’s leading provider of condenser and heat exchanger services to the power generation and industrial process industries, is pleased to announce the promotions of five employees.

In its Industrial Division, **Tim Meyer**, who joined Conco in 2010, has been promoted to General Manager and now oversees the entire national Industrial Division including sales, client relations and all Industrial Division employees. Meyer obtained a Bachelor of Science degree in Construction Management from Northeast Louisiana University and has completed over 2000 hours of continuing education classes in Safety and Operations for the Petrochemical Industry. He holds a Louisiana contractor’s license and is a graduate of SW Louisiana’s Chamber of Commerce Leaders of Tomorrow Development Program.

Also in the Industrial Division, **Alexandria Efferson** is now the Regional Manager overseeing sales and client relations for the Southwest and Midwest territories and supervising the sales force based in the Texas office. Alex is a graduate of Tarleton University in Stephenville, TX, has been with Conco for over 5 years and has held several positions in Conco most recently as a Senior Account Manager with over \$3.6 million dollars in sales during 2016.

Madison Christ, based at Conco’s Gonzales, Louisiana office since 2013, has been named the Southeast Region Safety Manager. She will direct the safety program in the Southeast region handling the document control procedures and policies within the organization. Christ received her COSS (Certified Occupational Safety Specialist) certification two years ago and recently completed her NCCER Certifications which include: Safety Technology Certification, Field Safety Certification, Construction Site Safety Technician (CSST) Certification and Construction Site Safety Supervisor (CSSS) Certification.

Denise Meredith, who joined the company in 2010, was recently named Conco’s Director of Compliance. Meredith will maintain her role as the QA Manager of the NDE Division and take over the management of the Conco Safety Department. She holds a Bachelor of Science in Operations Management and International Business, a Masters of Manufacturing Management and a Masters of Business Administration.

Jeff Pomarico, a 20-year veteran with Conco, has recently been named NDE Division Manager. Jeff is certified as a LVL IIIA in Eddy Current, and will continue to be the project manager for some on-site service work. Pomarico will also be responsible for the day to day operations of the department, including quoting, scheduling and the managing of the EC personnel.
